KEY INFORMATION

NO LIVE STREAMING

We do not have Gecko live streaming due to lack of available funding from One Foundation. NZMH is working in the background to see if any funding or sponsorship is available for the final's day with Gecko. In the meantime – we have a video tower on the main turf (Eves), you can easily find a location to video the other two turfs. You will need to bring your own video equipment if you want to do that.

VIDEO TOWER – EVE'S TURF

There is a video tower on Eve's Turf. Only people who have been inducted are allowed to be in the Viewing/Video area. Courtney Phillips HN staff member is authorised to induct applicants. Teams playing will be given preference (for 2 people, they have to be the ones videoing not spectating) in the event that we have too many requests to use the Video Tower at the same time. To book your induction email admin@northlandhockey.org.nz. Courtney mobile number : 022-0332830.

ALTIURST, PRE-GAME, RESULTS

Tournament Administrator will control the daily results through PlayHQ. All game sheets will be pre-printed for Umpires to take to the turf. Manager's are to cross off any players that 'DNP' (did not play) can be done at the game.

As per Rule 3.9 players are to sign the registration sheet – if your player registration are completed we can run a report to send to you – must be signed before the first game. All players must be registered. The signing of the registration sheet means players and team management abide by the Code of Conduct.

MATCH BALLS Each team is to supply a White Kookaburra Standard at tournament, please name.

ALTERNATE UNIFORMS each team should note their team colours and once the draw is complete will need to sort an alternate strip if required. This happens each year so those teams that fall into that category should be prepared for a change of uniform.

TOURNAMENT BOOKLET

NZ Māori Hockey do not print booklets – the electronic copy will go on NZMH website. Tai Tokerau although will have some copies available if in particular your supporting whanau would like one. To do the booklet we each Rohe to have their tea registrations completed. If there is anything specifically you want to mention for your Rohe let us know. The booklet captures history each year so we would like to capture special moments.

CHANGING ROOMS

We have four changing rooms at the Hockey Centre and other areas that can be utilized. It would be helpful if team talks are done before arriving at the turf and the changing rooms are used for toilets and changing areas. There are showers and toilets in each room, but you have limited time as the next teams will want to come in. Please respect our facility. Please do not leave personal items in the changing rooms.

FIRST AID

Rob Howes is our approved Medic. His daughters all play hockey and his daughter Caroline is currently the Black Sticks Women Medical Doctor, so you are in good hands. He will be here before the start of each game and until the last game finishes. A list of local medical service providers including emergency clinics, physiotherapy and dental care follows below. On the map below he is located in the room at the far end of the Grandstand – access from the Jnr Turf (not through the grandstand underneath).

TOURNAMENT MERCHANDISE

We are using a local supplier to do our tournament clothing. Crazyfrog is our supplier for tournament merchandise **LAST DAY FOR ORDERS CLOSED**. Gives time for the stocks to arrive, printed and ready for you at tournament. All orders will be delivered & can be collected at the Hockey Northland Office. If required for more merchandise, we can do a post-tournament order.

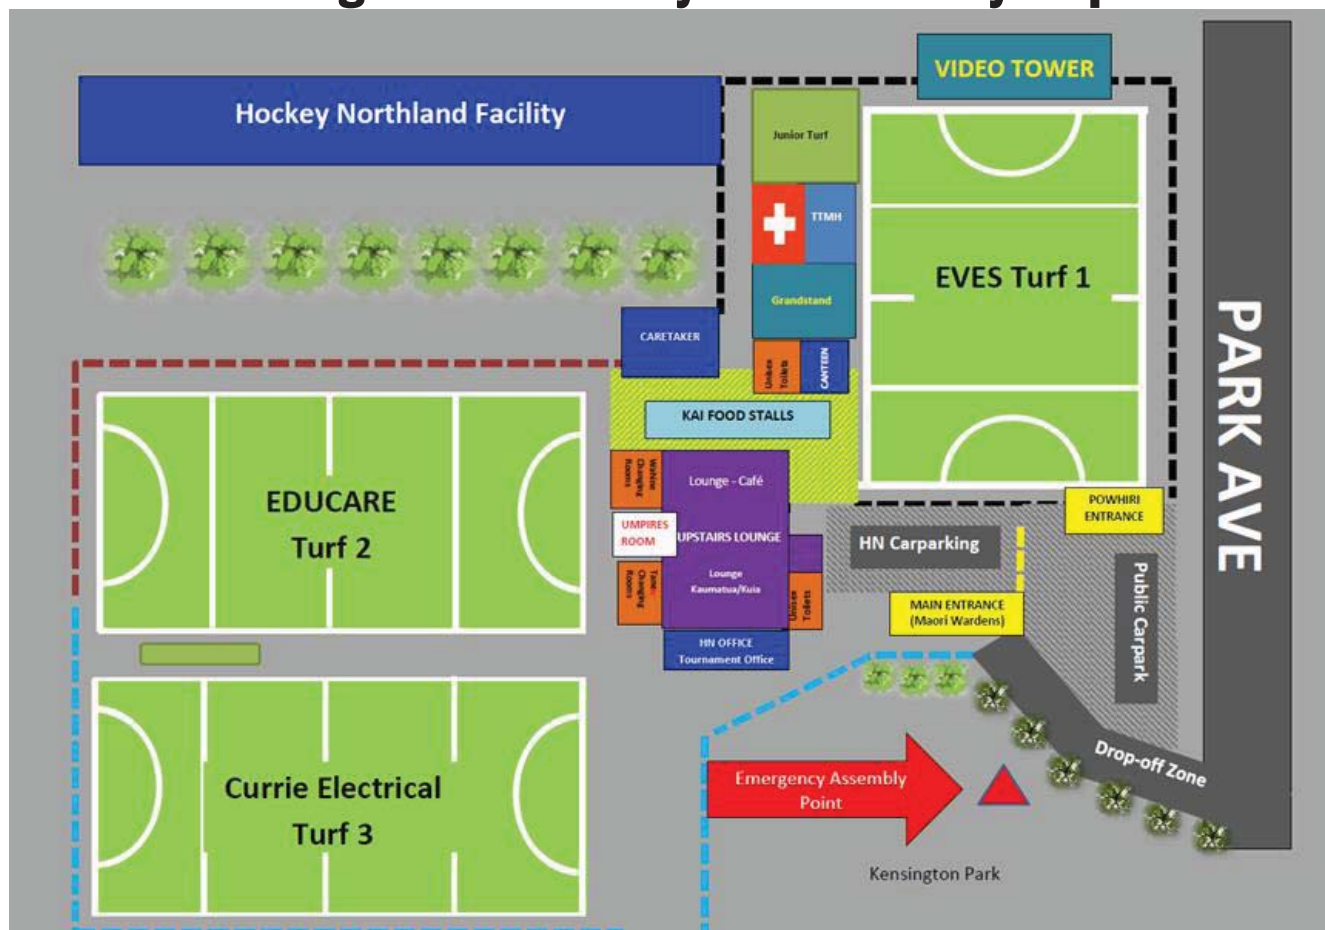

UMPIRES ROOM

Located downstairs in the tunnel – accessible from the front foyer or by the Educare Turf – located on the map. Umpires have their own room which has a fridge for kai and two shower cubicles & kitchenette.

KAUMATUA / KUIA LOCATION

Located upstairs at the bar end of the lounge. Can view games of all turfs – tea and coffee, water and kai provided, along with Margis home baking - through the whole day. We encourage you to invite your kaumatua and kuia to this area. Others invited to this area are the Māori Wardens and Tournament Director and Umpires Manager/s. Margi Kay will look after this area.

TAONGA RETURNED

Each year we seem to get taonga returned that have not been engraved. We have an engraver at the tournament which is whanau to Tai Tokerau. [Engraving Matterz Ltd - Calvin & Michele Codlin](#) engraver is sponsoring all engraving of trophies and will do them over the weekend.

ENTERTAINMENT

We have a number of projects on the run – wanting to create that ambience through the whole tournament. We heard the comments from our Kaumatua last year for Māori kai, Māori Music – living in that environment while we are gathered in one place at that one time.

AT THE TURF

Courtney & Chene Phillips (Muso's) – promoting Māori music – these wahine are wanting your playlists (Māori or Māori artists)) that they can be shared over for the weekend.
